

Sun Orchard announces line of Refrigerated, Caffeine Free Ready to Drink Iced Teas made with All Natural Flavors and Real Fruit Juice in 5 Exceptional Flavors!

Sun Orchard Premium Caffeine Free Iced Teas

Experience the Exceptional Flavors of Sun Orchard!

Tempe, AZ March 19, 2007 – Sun Orchard, Inc, North America’s premier juice, juice based beverage and bar mixers manufacturer for foodservice and grocery proudly introduces a refrigerated line of Premium, Caffeine Free Ready to Drink Iced Teas in 5 Fantastic Fruit flavors:

Blueberry, Peach, Raspberry, Green with Honey and Sweet with Lemon.

“Consumers continue to shift their beverage consumption away from carbonated soft drinks to beverages such as lemonades, limeade and Iced Teas. The Sun Orchard organization has the expertise in premium fruit juices and fruit juice beverages that makes it uniquely qualified to create a line of premium, fruit flavored Iced Teas with the exceptional, great taste consumers will crave” said Marc Isaacs Sun Orchard (Owner/ CEO).

Crafted from a specially brewed tea with the finest juices and other all natural ingredients, Sun Orchard Premium Caffeine Free Iced Teas taste the way iced teas were meant to taste. Too often bottled iced teas don’t taste like fresh brewed tea. They taste artificial, overly sweetened and over processed. Sun Orchard makes iced teas in a similar manner to the way we make all of our premium, all natural juices and juice beverages. We start with premium, fresh ingredients. The finest fresh brewed tea is combined with the great flavors of fresh, ripe fruit, fruit juices and just the right amount of sweetness. The result is a line of Iced Teas that are caffeine free with no artificial flavors and all the exceptional flavor that you expect from Sun Orchard!

Sun Orchard’s Premium Caffeine Free Iced Teas are available beginning April 2, 2007 from many of America’s premier foodservice distributors in 16 oz. “single serve” and 64 oz. HDPE plastic bottles. When kept refrigerated, Sun Orchard Iced Teas have a 50 day shelf life from the date they are bottled.
